

Computer Science Summer Program NYC

In this intensive bootcamp, you'll learn to program using Java and Python, two of the most popular and universally-applicable languages used by software developers today. This course will give any student a head-start in university-level coding courses.

Group classes in NYC and onsite training is available for this course. For more information, email hello@nextgenbootcamp.com or visit: <https://www.nextgenbootcamp.com/certificates/computer-science-summer-camp>

Course Outline

This package includes these courses

- Java Summer Program NYC (50 Hours)
- Python Data Science & Machine Learning Program NYC (45 Hours)

Java Summer Program NYC

- Write and use industry-standard algorithms
- Write your own program in both the object and procedural paradigm
- Read and understand large programs

Python Data Science & Machine Learning Program NYC

- Learn how to program using Python.
- Learn how to input data using the Pandas package.
- Learn how to clean, wrangle, visualize, and understand complex data.
- Learn how to use machine learning algorithms.
